DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 47-51 and 54 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hirschfeld (U.S. Patent 4,514,508) in view of Ueda et al (Journal of Clinical Microbiology, vol. 36(2), Feb. 1998, pp 340-344) for the reasons of record in the previous office action.

In response to this rejection Applicants amended the preamble of claim 47 to recite "A kit for performing a flow through analytical test..." and argue that the kit in Hirschfeld is not for performing a flow through analytical test. Applicants further argue that the instant invention does not require the use of capture antibodies as in the kit of Hirschfeld.

Applicant's arguments have been considered but are not convincing. The phrase "for performing a flow through analytical test" in the amended preamble of claim 47 is an intended use for the claimed kit and thus is not given any patentable weight.

With respect to the use of capture antibodies in Hirschfeld, the open "comprising" language of the instant claims does not preclude the use of capture antibodies.

3. Claims 52-53 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hirschfeld in view of Ueda et al as applied to claims 47-51 and 54 above, and further in

Art Unit: 1641

view of Bogart et al (U.S. Patent 5,494,801) for the reasons of record in the previous office action.

4. Claims 55-56 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hirschfeld in view of Ueda et al as applied to claims 47-51 and 54 above, and further in view of Nyez (U.S. Patent 5,279,935) for the reasons of record in the previous office action.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
